

River Deep is a newly established collaboration of like-minded organizations working exclusively to serve individuals with disabilities, many of whom served or are serving in the military. Their common goal is to acclimate, enable and engage their clients as a way to assist in the healing process, improving outlook and quality of life.

SCI HOP is a program within this collaboration that organizes group outings for clients across all the organizations to help toward this goal.

October 6, 2018

Location: Lincoln Hills, Blackhawk, CO

Hosted By: River Deep and SCI HOP

Participants: Operation TBI Freedom, Craig Hospital, Ft. Carson WTB

Anglers of Honor at Lincoln Hills

It is our last fly fishing outing of the season. The weather is overcast and cold, but everyone is dressed warm and anxious to fish. We started with some of the basics of fly fishing. Next comes the waders and gear. Each participant paired up with one of the guides and hit the river. The Craig Hospital participants will arrive shortly and will be fishing one of the ponds with patients and their family members. The fishing is challenging but we managed to land a few trout. It has been a great morning. We all headed up to the deck for a warm meal prepared by Jim & Nick's barbecue and exchanged fish stories.

A big thanks to all the guides, volunteers, participants, organizations, Jim & Nick's barbecue and all the wonderful people who made this a great outing.

Bob Adwar
